

BEFORE BUYING A USED DEMOLITION ROBOT:

REPALQ 

5 ESSENTIAL CHECKS TO DO

Buying a used demolition robot
can be a big investment, **but**
only if you know what to
inspect.

→ OUR METHOD MAKES
THE DIFFERENCE.

OUR METHOD IN ACTION.

Every machine we propose is **physically inspected** before entering our network.

or descriptions.*

***We go and check
the machine ourselves.***

5 ESSENTIAL CHECKS BEFORE BUYING A USED **BROKK**

A simple checklist to help you make the right buying decision.

01

MACHINE HOURS

Verify the real working hours and compare them with the actual usage.

02

STRUCTURAL CONDITION

Check the boom, stabilizers, frame and all welded parts for cracks, wear and deformations.

03

COMPONENTS

Inspect wear parts, attachments, hydraulics and moving components.

04

ELECTRICAL & ELECTRONIC SYSTEM

Check cables, connectors, control system and remote control functionality.

05

MAINTENANCE & MACHINE HISTORY

Review service records, maintenance activities and previous use.

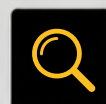

CHECK #1

MACHINE HOURS

We verify the real working hours and compare them with the actual usage.

Accurate hours.
No surprises.
Just transparency.

DISPLAY READING
1158 h

WHY IT MATTERS

The number of working hours is a key indicator of how a machine has been used and maintained.

Helps to evaluate
real wear and tear.

Indicates maintenance
frequency and care.

Supports a safe
and reliable investment.

WHAT WE DO

Read the hours directly
from the machine display.

Compare with service
records and history.

Check for consistency
and any anomalies.

Report everything
in our inspection sheet.

CHECK #2

REMOTE CONTROL & FUNCTIONALITY

We test all remote control functions to ensure safe operation and optimal machine performance.

Every function.
Every movement.
No compromises.

SEE OUR FULL INSPECTION

We don't just look the robots.
We check everything,
so you can buy with confidence.
