ONCE, LEO EXPLORED THE WORLD FROM ABOVE.

BUT NO MATTER HOW FAR HE WENT, HIS THOUGHTS ALWAYS RETURNED HOME.

SO LEO CAME BACK TO PUGLIA.

SAME SKY. NEW MISSION.

IN HIS WORKSHOP, IDEAS TURNED INTO REALITY.

WITH THE EXPERIENCE OF SPACE, HE COMBINED INNOVATION, PRECISION AND STRENGTH.

STEP BY STEP, A NEW KIND OF MACHINE TOOK SHAPE.

AND SO, FROM PASSION, ENGINEERING AND A LOVE FOR HIS LAND...

...RdmD01 WAS BORN.

DIFFERENT GROUND. SAME SPIRIT.

NUCLEAR PLANT.
CRITICAL EMERGENCY.

AN EXPLOSION WAS IMMINENT. SEVERAL WORKERS WERE TRAPPED INSIDE THE REINFORCED LABORATORIES.

LEO ACTIVATES RdmD01.
BUILT TO GO WHERE OTHERS CAN'T.

TIME IS RUNNING OUT.
RdmD01 ENTERS THE RESTRICTED AREA.

RdmD01 DEMOLISHES THE REINFORCED STRUCTURES WITH PRECISION.

ONE BY ONE,
THE TRAPPED WORKERS ARE FREED.

MISSION ACCOMPLISHED.
ALL WORKERS ARE SAFE.

THE PLANT IS STABLE.
THE EXPLOSION HAS BEEN AVERTED.

FIRST MISSION.
A SAFER TOMORROW.
